Dear Charlotte

As an employer which employs staff within the IT sector I've reviewed the units in the IT Infrastructure Technician, Emerging Digital Technology Practitioner, Application Developer and Data Analyst pathways for the qualifications detailed below:

OCR Level 3 Cambridge Technical Introductory Diploma in IT – 601/7099/2

OCR Level 3 Cambridge Technical Foundation Diploma in IT – 601/7100/5

OCR Level 3 Cambridge Technical Diploma in IT – 601/7101/7

I believe that these qualifications will allow a student to develop the skills and knowledge they will need to progress into employment within this sector and that these qualifications would give a student an advantage when applying for related jobs or Apprenticeships in our industry.

Yours sincerely,

Adrian Palmer-Geaves
CEO
