

# DBMS

## Worksheet 1

1

Explain what is meant by a 'database management system'.

---

---

---

---

---

2

Before database management systems were developed, users had to create their own programs in order to store and manipulate data.  
Explain the advantages of using a DBMS.

---

---

---

---

---

3

The database can be stored centrally and users can access this central data from different locations.  
What are the advantages and disadvantages of this?

---

---

---

---

---

---

## Worksheet

a record

**a file**

This image shows a single page of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page, leaving small margins at the top and bottom. There is no handwriting or printed text on the page.
