## Assessment

This unit requires workplace assessment of occupational competence. It is internally assessed by centre staff and externally assessed by an OCR External Verifier.

The unit is competence-based. This means that it is linked to the candidate's ability to competently perform a range of tasks associated with their work.

The unit needs to be assessed in line with the relevant Sector Skills Council's (SSC's) Assessment Strategy or Principles. Skillsmart Retail's Assessment Principles for Retail Qualifications can be found on their website ([www.skillsmartretail.com](http://www.skillsmartretail.com)).

Assessment conducted by an external/peripatetic assessor must adhere to section 4.2.1 of Skillsmart Retail's '*Retail Qualifications Assessment Principles*'. As such, OCR requires the line manager or the owner/manager to sign and date the bottom of each unit Evidence Record Sheet (ERS) to both confirm their involvement and the candidate's competence. This should be on or prior to the signature and date provided by the assessor.

## Evidence requirements

OCR does not stipulate the mode of delivery for the teaching of the content of this unit. Centres are free to deliver this unit using any mode of delivery that meets the needs of their candidates. Centres should consider the candidates' complete learning experience when designing programmes of learning.

## Guidance on assessment and evidence requirements

You should refer to the '*Admin Guide: Vocational Qualifications (A850)*' for *Notes on Preventing Computer-Assisted Malpractice*.

## National Occupational Standards (NOS) mapping/signposting

This unit is based on the NOS reference SSR.B246

**NOS can be viewed on the relevant Sector Skills Council's website or the Occupational standards directory at [www.ukstandards.co.uk](http://www.ukstandards.co.uk).**

## Functional skills signposting

---
