Unit **F012**: Accounting Applications

## **Mark Scheme for June 2013**

---

OCR (Oxford Cambridge and RSA) is a leading UK awarding body, providing a wide range of qualifications to meet the needs of candidates of all ages and abilities. OCR qualifications include AS/A Levels, Diplomas, GCSEs, Cambridge Nationals, Cambridge Technicals, Functional Skills, Key Skills, Entry Level qualifications, NVQs and vocational qualifications in areas such as IT, business, languages, teaching/training, administration and secretarial skills.

It is also responsible for developing new specifications to meet national requirements and the needs of students and teachers. OCR is a not-for-profit organisation; any surplus made is invested back into the establishment to help towards the development of qualifications and support, which keep pace with the changing needs of today's society.

This mark scheme is published as an aid to teachers and students, to indicate the requirements of the examination. It shows the basis on which marks were awarded by examiners. It does not indicate the details of the discussions which took place at an examiners' meeting before marking commenced.

All examiners are instructed that alternative correct answers and unexpected approaches in candidates' scripts must be given marks that fairly reflect the relevant knowledge and skills demonstrated.

Mark schemes should be read in conjunction with the published question papers and the report on the examination.

OCR will not enter into any discussion or correspondence in connection with this mark scheme.

## Annotations

Annotation	Meaning
	Unclear
	Benefit of doubt
	Cross
	Own figure rule
	Repeat
	Noted but no credit given
	Tick

**Subject-specific Marking Instructions**

Every working box – whether it contains working or not – must be stamped as ‘seen’.

**Blank answer space**

To be sure you have not missed any candidate responses you must check every page of the question paper and annotate any blank answer spaces with the following annotations:

**Additional Objects**

You must check any additional pages (shown as Additional Objects) which the candidate has chosen to use.

Before you begin marking, use the Linking Tool, to ‘Link’ any additional page(s) to the relevant question(s) and mark the response as normal.

**All** additional pages must be annotated with the ‘SEEN’ stamp, so it is clear to the centres that the additional pages have been viewed by the marker.

### Quality of Written Communication

The rubric states:

*\* In these two questions/sub questions, you will be assessed on the quality of your written communication. In one of these questions, the focus will be on your ability to present numerical information legibly and in an appropriate accounting format. In the other, you will be assessed on the legibility and style of writing, the clarity and coherence of your arguments and the accuracy of your spelling, punctuation and grammar.*

4% of the paper marks are available for rewarding *Quality of Written Communication*.

### Levels of Response for *Numerical Questions*

Level	Mark	Description
3	3	All account headings, terms and balances are included appropriately and in line with accounting conventions. All figures are legible with effective use made of columns and sub-totals. All accounts are ruled off as appropriate.
2	2	Almost all account headings, terms and balances are included, appropriately and in line with accounting conventions. Figures are legible with effective use made of columns and sub-totals. Accounts are ruled off as appropriate.
1	1	Some account headings, terms and balances are included though not always adhered to accounting conventions. Most figures are legible. Some appropriate use is made of columns and sub-totals. Some accounts are ruled off as appropriate.
-	0	Responses which fail to achieve the standard required for Level 1.

### Levels of Response for *Narrative Questions*

Level	Mark	Description
2	2	Ideas, some complex, are expressed clearly and quite fluently, using an appropriate style of writing. Arguments made are generally relevant and are constructed in a logical and coherent manner. There are few errors of spelling, punctuation and grammar, and those that are made are not intrusive and do not obscure meaning.
1	1	Relatively straightforward or simple ideas are expressed in a generally appropriate style of writing which sometimes lacks clarity or fluency. Arguments have some limited coherence and structure, occasionally showing relevance to the main focus of the question. There are errors of spelling, punctuation and grammar which are noticeable and sometimes intrusive but do not totally obscure meaning.
-	0	Responses which fail to achieve the standard required for Level 1.

Question	Answer	Marks	Guidance																																								
<p>1 (a)*</p>	<p>John Prenton  <u>Trading and Profit and Loss Account for the year ended 31 March 2013</u>                      Sales (125,000-14,200+16,300+2,100+33,000) 162,200 (4)                      (1) (1) (1) (1)                      Opening stock 15,000                      Purchases (64,000-7,400+6,700+750-1,600) <u>62,450</u> (4)                      (1) (1) (1) (1)                      77,450                      Closing stock <u>17,200</u>                      Cost of sales <u>60,250</u>                      Gross Profit 101,950                      Discounts received <u>750</u> (1)                      102,700                      Motor expenses 5,500                      Wages 31,000                      General expenses 3,100(1)                      Rent 9,200(1)                      Discounts allowed 2,100                      Loan interest 440 (1)                      Provision for doubtful debts 326 (1)                      Depreciation fixtures 16,000 (1)                      Depreciation delivery van <u>3,500</u> (1)                      71,166                      Net Profit <u>31,534</u> (1)</p>	<p>27</p>	<p>Must show tick where marks are awarded.                      Seen at the bottom of each page to show it has been viewed.</p> <p><b>All marks for all questions are for correct value and reasonable narrative.</b></p> <p>If sales and purchases are incorrect, workings must be shown in order to be awarded individual marks. If no workings are shown, and the figure is incorrect, do not award any marks.</p> <p>If purchases 64,050 award 3 marks.</p> <p>Drawings can be shown separately after purchases but must be before closing stock.</p> <p>Give marks for control account entries if shown.</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th colspan="4" style="text-align: center;">SLCA</th> </tr> </thead> <tbody> <tr> <td style="width: 25%;">Bal b/d</td> <td style="width: 25%;">14,200</td> <td style="width: 25%; border-left: 1px solid black;">Bank</td> <td style="width: 25%;">125,000</td> </tr> <tr> <td>Credit sales</td> <td>129,200</td> <td style="border-left: 1px solid black;">Dis Allowed</td> <td>2,100</td> </tr> <tr> <td></td> <td></td> <td style="border-left: 1px solid black;">bal c/d</td> <td><u>16,300</u></td> </tr> <tr> <td></td> <td><u>143,400</u></td> <td></td> <td><u>143,400</u></td> </tr> </tbody> </table> <p>129,200 + 33,000 = 162,200</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th colspan="4" style="text-align: center;">PLCA</th> </tr> </thead> <tbody> <tr> <td style="width: 25%;">Bank</td> <td style="width: 25%;">64,000</td> <td style="width: 25%; border-left: 1px solid black;">Bal b/d</td> <td style="width: 25%;">7,400</td> </tr> <tr> <td>Dis Rec'd</td> <td>750</td> <td style="border-left: 1px solid black;">Purchases</td> <td>64,050</td> </tr> <tr> <td>Bal c/d</td> <td><u>6,700</u></td> <td></td> <td></td> </tr> <tr> <td></td> <td><u>71,450</u></td> <td></td> <td><u>71,450</u></td> </tr> </tbody> </table> <p>64,050 - 1600 = 62,450</p> <p>Discount received must be shown after gross profit, can be shown as a negative expense but cannot be added to net profit.</p> <p>All expenses marks are for net figure. Must show net debtors figure.</p> <p><u>Current Liabilities</u> Bank must be shown under current liabilities to be awarded mark, it cannot be shown as a negative figure in current assets. For expenses allow individually or any sub-total combination of the values (300, 200, 440).</p> <p><u>Financed by</u> Capital must show both values or correct total to be awarded mark.</p> <p>Net Profit correct answer only for 1 mark. Loan can be added in the 'Financed By' section for 1 mark. Must show total figure for drawings.</p> <p>Must show QWC has been considered even if 0.</p>

Question	Answer	Marks	Guidance
(b)*	<p>The problems of inadequate record keeping for a sole trader such as John Prenton are:</p> <ul style="list-style-type: none"> <li>• He will not have records to take to the bank of giving details of cash flow etc if he wishes to take out a loan. This could lead to the bank not allowing him a loan or overdraft, which could hinder the growth of his business.</li> <li>• He will not have details of his debtors, this could lead to poor cash flow, as without details of debtors he cannot chase outstanding debtors to pay their debts. The outcome of this is poor credit control. He would also not be aware when a debtor reached their credit limit, this could therefore lead to debtors exceeding their credit limits and still being supplied with goods. This could also lead to an increase in bad debts.</li> <li>• If he has inadequate records this could lead to him not paying his creditors, the outcome of this could be that creditors stop supplying him with goods and this could lead to a lack of stock to sell.</li> <li>• General running expenses of the business may also go as John is not keeping track of when expenses should be paid, this could again lead to suppliers stopping supplies of gas electricity phone etc, this again could have a serious impact on his business.</li> <li>• He will not have the information available to produce the Trading Profit and Loss Account and Balance Sheet, he would therefore not know the net profit and the worth of the business.</li> </ul> <p><b>(3 x 3 marks) (maximum 6 marks)</b>  <b>(1 for point plus up to 2 for development)</b></p> <p style="text-align: right;">QWC</p>	<p>6</p> <p>2</p>	<p>Be careful to avoid giving many marks for generalised comments.</p> <p>Development marks should relate to problems.</p> <p>1 mark for point up to 2 marks for development.</p> <p>If just list of reasons shown – maximum 3 marks.</p> <p>Must show QWC has been considered even if 0.</p>

Question	Answer	Marks	Guidance
(c)	<p><b>Advantages</b>  Speed, information can be processed more quickly. This enables the information stored within the system to be up to date.</p> <p>Accurate, as information can be processed more quickly and it is up to date it will, therefore, be accurate as there will be less likelihood of items being left unprocessed.</p> <p>Large volumes of data can be stored, minimising storage space and allowing easy and rapid access to information.</p> <p>Computerised accounting systems usually have security software installed, which allows computers and data to be password protected reducing the need for costs associated with physical security systems such as safes or strong rooms.</p> <p>Computer systems can also have virus checker software installed. This will protect the company's data from computer viruses. This will need to be updated regularly.</p> <p><b>Disadvantages</b>  Cost. Computer systems can be costly to purchase and upgrade.</p> <p>Staff will need to be trained in the use of the software packages. This can also generate additional costs.</p> <p>Technical problems and breakdown can cause problems and delays to staff, customers (and suppliers).</p> <p>Operator error. Items could be posted incorrectly or incorrect figures could be entered.</p> <p>Security. Systems can be at risk from hacking and viruses.</p> <p><b>(4 x2 marks)</b>  <b>(1 for point plus 1 for development)</b></p>	8	<p>Must consider two advantages and two disadvantages.</p> <p>Up to a maximum of 8 marks.</p>
	<b>Total</b>	<b>46</b>

Question	Answer	Marks	Guidance								
(d)	<p><u>Revised Schedule of Creditors</u></p> <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">Original balance</td> <td style="text-align: right;">96,500</td> </tr> <tr> <td>Credit purchase</td> <td style="text-align: right;">1,700 (1)</td> </tr> <tr> <td>Purchase returns</td> <td style="text-align: right;"><u>(900) (1)</u></td> </tr> <tr> <td></td> <td style="text-align: right;"><u>97,300 (1)</u></td> </tr> </table>	Original balance	96,500	Credit purchase	1,700 (1)	Purchase returns	<u>(900) (1)</u>		<u>97,300 (1)</u>	3	<p>Adjustments must indicate as to whether they have been added or subtracted. If no signage assume added.</p> <p>The errors must include narrative or error number with value. Final balance, accept without narrative.</p> <p>Correct answer only.</p>
Original balance	96,500										
Credit purchase	1,700 (1)										
Purchase returns	<u>(900) (1)</u>										
	<u>97,300 (1)</u>										
(e)	<p>Control accounts are usually completed by a supervisor, whilst the sales and purchases ledgers are usually completed by ledger clerks; therefore providing a division of duties, as the accounts are completed by different people.</p> <p>The balance on the control account and the balance on the total balance from the ledger accounts must be equal, therefore, as each member of staff is only completing part of this, it is harder for fraud to be committed. <b>(2 x 2 marks)</b> <b>(1 for point plus 1 for development)</b></p>	4	<p>Be careful to avoid giving marks for generalised comments.</p> <p>Answers must relate to fraud and not errors.</p>								
(f)	<p>The sales journal is not part of the double entry system. When goods are sold on credit, the sale is first recorded in the sales journal, the sales journal is totalled and the total is then transferred to the sales account and the sales ledger control account. The individual amounts are entered into the debtors' accounts in the sales ledger. <b>(3 x 1 mark)</b></p> <p>The cash book is part of the double-entry system. A two column cash book shows the cash and the bank accounts brought into one book. This allows the receipts and payments for the period to be seen on the same page. A three column cash book also incorporates a memorandum column on both sides to record the discounts allowed on the debit side and the discounts received on the credit side, allowing totals of discounts allowed and discounts received to be transferred to the discounts allowed/received accounts. The cash book also shows the closing balance for cash and bank. <b>(3 x 1 mark)</b></p>	6	<p>Be careful to avoid giving marks for generalised comments.</p> <p>Must relate answers to credit sales and not just sales.</p> <p>Must relate answers to bank and cash and not just cash.</p>								
	<b>Total</b>	<b>30</b>									

Question			Answer		Marks	Guidance
3	(a)	(i)	Office equipment Winterwold Ltd	5,000 (1)  5,000 (1)	2	Reversed entries and 'T' accounts no marks. Mark is for reasonable account name and figure.  Must identify as to whether debit or credit if not set out in correct format.  Must state Winterwold Ltd not just creditor.
		(ii)	Disposals Office equipment	8,400 (1)  8,400 (1)	8	Mark is for reasonable account name and figure.  Bank – can allow cash book but not cash.
			Prov for dep'd office equipment Disposals	1,890 (1)  1,890 (1)		Depreciation acceptable instead of Provision for depreciation.
			Bank Disposals	4,000 (1)  4,000 (1)		
			Profit and Loss Disposals	2,510 (1)  2,510 (1)		
		(iii)	Profit and Loss Prov for dep'n office equipment	13,870 (2)  13,870 (2)	4	Mark is for reasonable account name and figure.
	(b)	(i)	Bad debts Autumn Rayne	1,600 (1)  1,600 (1)	2	Mark is for reasonable account name and figure.  Must state Autumn Rayne not just debtor.
		(ii)	Profit and Loss Prov for doubtful debts	2,128 (1)  2,128 (1)	2	Mark is for reasonable account name and figure.
