Dear Charlotte Bosworth

As an employer that employs staff within the Childcare sector I believe the following qualification will enable students in the 16-19 age range to develop specialist knowledge and skills relevant to employment in this area, and that the standard of knowledge and skills is suitable for an 18 year old in full time education.

We believe a student who achieves the following qualification should be effectively prepared for related jobs, apprenticeships, training or higher education courses:

(601/4298/4) OCR Level 2 Certificate in the Children and Young Peoples Workforce (QCF)

I believe the skills and knowledge gained by the students taking these qualifications will act as a basis for further progression either in the workplace or in further study at school or college.

I believe that this qualification will allow learners to develop the skills and knowledge they will need to progress into more specialist qualifications in the sector or directly into employment.

The content within this qualification prepares the learners for a career in this sector and I support them for inclusion in the school and college performance tables for 16-19 year olds.

Yours
