- 3 Blyton plc has an authorised share capital of 4 000 000 ordinary shares at £1.00 each. As at 1 December 2009 it had already issued 2 000 000 fully paid ordinary shares at par.

Blyton plc decided to offer to the public a further 1 000 000 ordinary shares at £2.00 each. The terms of the issue are £0.60 payable on application, £0.80 on allotment and the balance at a later date.

On 10 December 2009, applications had been received for 1 500 000 shares, and on 18 December applications for 250 000 shares were rejected. The money was returned to the unsuccessful applicants. The remainder of the excess application money was retained and set off on a pro-rata basis against the amount due on allotment. The remainder of the allotment money was received on 29 December 2009. On 20 January 2010 a final call was made. All the call money was received, except for the amount due on 5 000 shares.

REQUIRED

- (a) Prepare journal entries to record the above transactions up to 20 January 2010. No narratives or dates required. **[23]**
- (b) Explain each of the following sources of finance and recommend which of these sources of finance would be most appropriate for a company such as Blyton plc which wants to expand its sales and distribution network:
- factoring
 - preference shares
 - leasing
