# Tasks for students and assessment criteria

## Unit F095: Investigating public health strategies

**Scenario Title:** Public health themes – learning disabilities or child and maternal health.

### Scenario

You are part of a public health team within local government in your area.

Funding has become available for a new public health strategy in your local area within the key theme of **either**:

- Learning disabilities

OR

- Child and maternal health

You need to propose and present an outline public health strategy to the local authority to apply for this funding.

## Task 1

### Establishing a public health challenge to address

Topic Area 1 is assessed in this task

You have been asked to investigate **one** of the following key themes in public health:

- **Learning disabilities**

OR

- **Child and maternal health**

You have been asked to choose **one** of the key themes to research. You then need to decide on a specific public health challenge within the theme that needs to be addressed in your local area.

#### The task is:

- Choose **one** of the key themes in public health given above
- Research how the key theme impacts on public health in your local area
- Decide on a specific public health challenge within the key theme that needs to be addressed in your local area and provide information about it.

Your evidence **must** include:

- Evidence of research done, and sources used (e.g. a bibliography; copies of or links to reports, articles, sources)

**Use the assessment criteria below to tell you what you need to do in more detail.**

Pass	Merit	Distinction

P1	<ul style="list-style-type: none"> <li>Students must describe <b>three</b> public health challenges in their local area, for the key theme they have chosen, related to Topic Area 1.3.</li> </ul>

P12	<ul style="list-style-type: none"> <li>Students could deliver the presentation to the teacher, peers or a combination of both. If the presentation is delivered to peers only, this must be video recorded, so that the teacher can use the recording to complete the Teacher Observation Record for P12. The recording does not need to be submitted to OCR.</li> <li>Teachers must complete a 'Teacher Observation Record' for each student to evidence they have met the criterion. Students must also read and sign it.</li> <li>This criterion is achieved if the student has delivered all the content of their presentation.</li> <li>Students can choose to collect feedback from the teacher/peers if they want to use it in D5.</li> </ul>
D5	<ul style="list-style-type: none"> <li>Students need to reflect on all of the tasks completed to consider the improvements that they would make to their strategy as a whole.</li> <li>Feedback from P12 can be used in the student's evidence for this criterion, but the focus must be on improvements to the strategy itself, rather than on presentation skills.</li> </ul>
