

RECOGNISING ACHIEVEMENT

NOTICE TO CENTRES

FAO: Heads of Mathematics; Mathematics departments; Exams Officers

Date: April 2010

Subject: Change to Specification for Additional Mathematics (6993)

FREE STANDING MATHEMATICS QUALIFICATION (ADVANCED) ADDITIONAL MATHEMATICS (6993)

Section 1.8 of the specification for the Advanced Free Standing Mathematics Qualification (FSMQ) Additional Mathematics 6993 has been changed.

The change will allow candidates to take Advanced GCE Mathematics units such as C1, C2, S1, D1 and M1 in the same series as taking Additional Mathematics.

Section 1.8 will now read:

1.8 RESTRICTION ON CANDIDATES' ENTRIES

Candidates may not obtain certification for this qualification in the same series as any Advanced GCE Mathematics qualification.

Candidates may, however, take this qualification in the same series as any GCE Mathematics unit.

The revised specification can be downloaded from our website at www.ocr.org.uk.
