Please choose one of the papers and accompanying mark scheme. You do not need to comment on all the questions. The range and number of comments should be sufficient to demonstrate your ability to fulfil the Vetter role.

Your comments should focus on how a candidate might approach these questions and how the mark scheme might be applied. Although these are published specimen papers, please do comment on any strengths or weaknesses of the questions as they stand. You may also choose to comment on the effectiveness of the questions and accessibility/sensitivity issues.

Please write your comments in a Word document and upload them with your application.
