## Assessment

---

Assessment will consist of producing three business documents totalling 750 words and will take the form of a 1 hour 50 minute test set and marked by OCR.

Results will be graded Distinction, Pass or Fail. The grade achieved will be stated on the certificate.

To achieve a Distinction, candidates must produce the documents with no more than 4 faults within the time allowed (1 hour 50 minutes).

To achieve a Pass, candidates must produce the documents with no more than 11 faults within the time allowed (1 hour 50 minutes).

## Administration guidance

---

- Either a word processor or a typewriter may be used to complete the examination.
- A screen reader **must** be used to proofread all documents and locate/confirm text amendments.
- Stationery: A4 plain paper will be required. Candidates must use the templates supplied by OCR for the examination. Templates may be pre-printed onto plain paper for those candidates using a typewriter.
- Centres must ensure that the recall material for this examination is available for candidates. Recall material is supplied for each examination by OCR publications on CD-ROM or can be downloaded free of charge from Interchange, OCR's secure website.
- Printing: Candidates **must** carry out their own printing. No changes whatsoever may be made to the documents outside the time allowed for the examination. Printing may be undertaken in a period immediately following the examination and supervised by the Invigilator.
- For further information regarding administration for this qualification, please refer to the OCR document '*Admin Guide: Vocational Qualifications*' (A850) on the OCR website [www.ocr.org.uk](http://www.ocr.org.uk).

## Guidance on assessment and evidence requirements

---

For detailed guidance, please refer to the marking criteria and tutor notes in this document.

Candidates must produce three business documents to a standard acceptable in the workplace and outcomes must be within the permitted error tolerance.

Penalties are given for errors and the same fault appearing more than once will incur a penalty each time. One fault only will be given to any one word\* irrespective of the number of errors that may appear in that word. For example, "miscellaneous" keyed in as "miss-selanium" will be penalised 1 fault, even though several faults have been incurred in the word. Presentation (Section 4) faults may also be applied.

\* A word is defined as any normally recognisable word including a hyphenated word and associated punctuation and spacing. Other items that are treated as a word are:

- postcode
- initials and courtesy titles

- simple or complex numbers including money, times and telephone numbers
- simple or compound measurements

Invigilators are given clear instructions to report any problems with printers, failure to do so can disadvantage candidates.

Errors will be divided into 4 categories:

Marking Criteria	Tutor Notes
<b>Section 1 Faults - keying in errors</b>	
<b>One fault will be given for each word* which:</b>	
1.1 contains a character which is incorrect (including upper case character within a word), or is illegible for any reason	<ul style="list-style-type: none"> <li>• A penalty will be incurred for any word that contains a character that is incorrect or that includes an upper case character within a word, e.g. <i>LaBel</i></li> <li>• Candidates may use English and mother tongue dictionaries and spellcheckers where available</li> </ul>
1.2 has omitted or additional characters or spaces (including omissions caused by faulty use of correction materials/techniques e.g. hole in paper)	<ul style="list-style-type: none"> <li>• A space inserted between a word and its associated punctuation, e.g. <i>word :</i> or <i>word ?</i> will incur 1 fault per instance</li> <li>• Incorrect or omitted paired punctuation e.g. brackets, single quotes will incur 1 fault per 'pair', e.g. ( Progress Group ), ' Progress Group '</li> </ul>

1.6 contains overtyping, including overtyping of pre-printed material (per entry regardless of the number of words involved) e.g. text cutting through letterhead template	
1.7 does not contain initial capitals: - as instructed - for the first letter of a sentence	<ul style="list-style-type: none"> <li>• Candidates should key in text as instructed. One fault per instance will be incurred for each initial capital identified that has been keyed in as a lower case character</li> <li>• Failure to insert a capital letter following a penalty for an omitted full stop will not be penalised.</li> <li>• Inserting a capital letter following a penalty for an incorrect full stop will not be penalised</li> </ul>
