

Advance Information for Summer 2022

A Level

Chemistry B

H433

We have produced this advance information to help support all teachers and students with revision for the Summer 2022 exams.

Information

- This notice covers all examined components.
- This notice does **not** cover the practical endorsement component.
- Assessment of practical skills and maths skills will occur throughout the papers.
- The format/structure of the papers remains unchanged.
- There are no restrictions on who can use this notice.
- You are **not** permitted to take this notice into the exam.
- This document has **2** pages.

Advice

- For each paper the list shows the major focus of the content of the exam.
- Students are advised that content not listed may appear on the question paper.
- The aim should still be to cover all specification content in teaching and learning.
- Students and teachers can discuss this advance information.
- The information lists topic areas in rank order, with the areas carrying the highest mark allocations at the top of each list.
- Students' responses to individual questions may draw upon other areas of specification content where relevant, and credit will be given for this where appropriate.

If you have any queries about this notice, please call our Customer Support Centre on **01223 553998** or email general.qualifications@ocr.org.uk.

H433/01 Fundamentals of chemistry

- Organic reactions (WM, CD, PL) (includes practical skills)
- Inorganic chemistry and the periodic table (ES, EL, CI, DM) (includes practical skills)
- Equilibria (CI, ES)
- Bonding and Structure (EL, PL, OZ, CD, DF)
- Equilibria (acid-base) (O, PL) (includes practical skills)
- Formulae, Equations and amount of substance (EL, DF)
- Reaction mechanisms (OZ, CD)

H433/02 Scientific literacy in chemistry

- Kinetics (CI, PL, DF, OZ) (includes practical skills)
- Chemical Literacy (CL) (includes practical skills)
- Equilibria (acid-base) (O, EL, PL) (includes practical skills)
- Formulae, Equations and amount of substance (EL, DM) (includes practical skills)
- Bonding and structure (PL, EL, DF, OZ)
- Organic reactions (DF, CD)

H433/03 Practical skills in chemistry

- Redox (DM, ES) (includes practical skills)
- Energetics (DF) (includes practical skills)
- Organic reactions (OZ, WM) (includes practical skills)
- Formulae, Equations and amount of substance (EL) (includes practical skills)
- Energy and matter (DM, O) (includes practical skills)

END OF ADVANCE INFORMATION

Copyright Information

OCR is committed to seeking permission to reproduce all third-party content that it uses in its assessment materials. OCR has attempted to identify and contact all copyright holders whose work is used in this paper. To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced in the OCR Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download from our public website (www.ocr.org.uk) after the live examination series.

If OCR has unwittingly failed to correctly acknowledge or clear any third-party content in this assessment material, OCR will be happy to correct its mistake at the earliest possible opportunity.

For queries or further information please contact The OCR Copyright Team, The Triangle Building, Shaftesbury Road, Cambridge CB2 8EA.

OCR is part of Cambridge University Press & Assessment, which is itself a department of the University of Cambridge.
